NiteLights

Architectural & Landscaping Illumination

—The Art of Lightscaping

NiteLites designers and installers have years of experience in the lightscaping field. Lighting is our only business, so you'll get a professional, high-quality system every time. Your satisfaction with the finished installation is guaranteed.

When installing NiteLites products, it is important that the appropriate professionals are contacted and the appropriate tools are used. No modification of these products, or the use of substitute fixings shall be applied to NiteLites systems. Any such modifications or substitutions will invalidate performance statements given or implied in company literature and/or product instructions. If any such instructions are not strictly observed then the NiteLites guarantee does not apply.

All transformers, wiring connections, and fixtures are guaranteed for 5 years from date of installation. Light bulbs are guaranteed for one year from date of installation. This warranty does NOT cover damages occurring from misuse, either accidental or purposeful. Warranty is also voided if parts are tampered with, modified or in any other way changed, without permission. Warranty work may be subject to a service call fee.

WARRANTY LIMITATIONS

— *Damage or destruction occasioned by fire, wind, rain, freezing, lightning, insects, Acts of God or other acts that are not reasonably within the control of NiteLites.*

— *Normal weathering of exterior finishes.*

— *Consequential damages caused by any replacement materials.*
